PLANT A GARDEN This Fall

Grow What You Eat—Can the Surplus

Your Victory Garden is a cornerstone and foundation of vigorous health for our people—one of the first steps toward Victory.

There can be no reserve stocks of fresh fruits and vegetables except those grown in the garden.

BE READY! PLAN AND PLANT THIS FALL AND SAVE A SEASON.

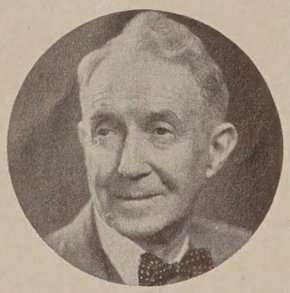
FOOD GARDENS for VICTORY

Plant This Fall!



William F. Kelly
President

FRUITS and VEGETABLES are essential in "All Out For Victory." No one knows what tomorrow will bring forth. Under present rationing conditions, more time will be spent at home. Our patriotic duty is to use this time in growing more food. Food gardens are essential, healthful and profitable.

Kelly's Leadership Since 1880

When you buy nursery products, you want no "guess work" about the transaction. First and foremost, you are vitally interested in DEPENDABILITY in the products you buy and the company you buy from. A vast experience, good management, a reputation and a progressive spirit—this is the policy that has built the Kelly Brothers Nurseries to its present size and importance in the horticultural field.

Mr. Kelly says:

Our 62 years experience in the nursery business have proven to us that fall is the practical and desirable time to plant fruit trees, especially apples, pears, plums, sweet and sour cherries, and other kinds of nursery stock. It gives an added season to establish the plants.

FALL PLANTING GIVES PLANTS A START

Fall planted trees make some new root growth before winter sets in and the earth becomes firmly packed about the roots during the winter months. **As a result of this, they make an early, vigorous start the following spring, which is so essential for best results.** The fall planting season begins just as soon as the trees and bushes reach a dormant condition, which is usually about the middle of October, and extends until the ground freezes solid.

VICTORY GARDEN HARVEST SHOWS

Plan now to exhibit your Prize Garden Products in the Harvest Show that will be held in your locality. All proceeds are for the benefit of the Army Emergency and Naval Relief Societies. Write to us or consult your local Garden Club for full details. Everyone will want to do his part for this important cause.

Order from Kelly's with Ease and Safety

Our References

As to our responsibility and reliability, we refer you to the Merchants and Farmers National Bank, Dansville, N. Y.; Groveland State Bank, Groveland, N. Y.; to any person whose letter appears in this catalog, or to your State Experimental Station or College.

Order Early

As soon as this catalog reaches you, send in your complete order with definite shipping instructions. Your order will be shipped as soon as possible after **October 15th** when nursery stock is fully matured.

Use Order Sheet

Please make your order out on order sheet enclosed. To avoid mistakes and delay write letters on a separate sheet of paper.

Send Cash With Order

It is our cash with order—direct from nursery to planter—method of doing business that enables us to sell trees of the highest quality at such extremely low prices. Remittances should be made by post office or express money order, bank draft or registered letter.

Boxing and Packing Free

We make no charge for boxing or packing. Prices, except as noted, are f.o.b. Dansville.

Quantity Rates

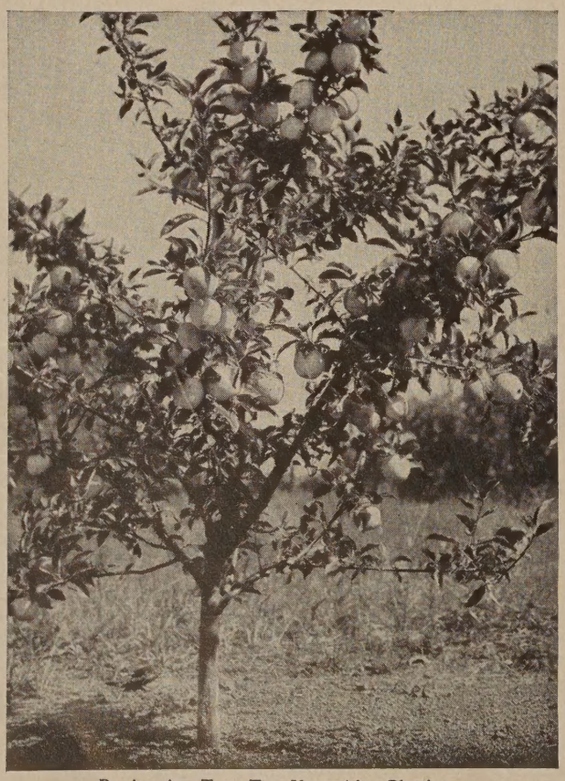
Take advantage of our lower rates for quantity purchases. For less than ten trees of any variety remit at **each** rates. A purchase of ten to fifty trees (assorted if you wish) entitles you to the ten rate, and an order for fifty trees or more entitles you to the low hundred rates.

We Strive to Avoid Mistakes

But in the event that any nursery stock sold by us should prove untrue to name under which it is sold, we hereby agree, on proper proof of such untrueness to name, to replace the original order or to refund the purchase price.

Satisfaction Guaranteed

We guarantee every tree or bush to be up to grade specified or better. We also guarantee arrival to customer in first class condition. If through delay or mishandling in transit, trees or bushes are not in first class condition on arrival, notify us immediately, and we will make prompt, satisfactory adjustment. Our trees are not sold by height only. We grade and sell our trees both by height and caliper, as we believe this is the only way of giving entire satisfaction to the planter.



Bearing Age Tree, Two Years After Planting

5% Cash Discount

FOR EARLY ORDERS!
On all orders received by us on or before October 15th, 1942, we will allow a special 5% discount.

Kelly's Bearing-Age Specimen Fruit Trees

The Year's Best Buy!

NOT Neglected OVERGROWN Trees, Usually Offered for Bearing Age Stock, But Fine, CAREFULLY GROWN True-to-Name KELLY Trees! Your Guarantee!

Never before have we offered such fine specimen trees at such low prices. Customers in all sections of the country report wonderful success. Ideal for the home orchard where quick results are desired or for large commercial plantings. Most of these trees have already produced fruit in the nursery row. We guarantee them to be first class in every particular. Usually sold at several times our special low price.

The bearing age trees we offer have been scientifically grown for three and four years. They have had the necessary root pruning to produce an abundance of fibrous roots—which insures successful transplanting.

These are not neglected overgrown trees usually offered as bearing age trees! They are fine, carefully grown, true-to-name, Kelly trees—guaranteed to satisfy you! Clean, smooth and healthy. Varieties we offer in bearing age trees:

APPLES—Baldwin, Cortland, McIntosh, Northern Spy, Red Delicious, Rome Beauty, R. I. Greening, Early McIntosh, King, Stayman's Winesap.

PEAR—Bartlett, Beurre Bosc, Clapp's Favorite, Kieffer, Seckel.

3-year, 7-8 ft. trees, 7/8 inch and up caliper, $1.50 each; 10 for $12.50.

Fine Cherry Collection No. 3

Large, 2-yr., 4 ft. trees.

1 Montmorency
1 Black Tartarian
1 Napoleon

All for $2.25

NAPOLEON
(Royal Ann) SWEET CHERRY

A large sweet variety, color yellow, overtoned flesh-red. Very prolific bearer, juicy. An excellent home and commercial variety.

Kelly's *Upland Grown* CHERRIES

Robust and Heavy Bearing. None Finer Than Our Selected Cherries

SOUR VARIETIES

LARGE MONTMORENCY. "Best Pie Cherry." Fruit is good sized, fine flavored and bright, clear red. The canning factories are always calling for them and buy them by the hundreds of tons. The best of all sour varieties; is a good shipper, very attractive and always brings good prices. The trees are the cleanest and best growers and are less subject to disease, less affected by wet weather, and are the best bearers of all sour varieties. Montmorency can always be depended upon for a full crop, no matter how unfavorable the season may be. Fruit ripens ten days after Early Richmond.

EARLY RICHMOND. Exceedingly hardy and productive. Ripens through June.

ENGLISH MORELLO. Large, blackish red Cherry, ripening in July. Hardy and productive.

SWEET VARIETIES

BLACK TARTARIAN. Very large, bright purplish black. Juicy and rich. An immense bearer. June.

BING. Large, dark brown, of fine quality. Hardy and vigorous. July.

LAMBERT. Very large, purplish red. Firm and rich. Very productive. Late July.

NAPOLEON (Royal Ann). See above.

SCHMIDT'S BIGARREAU. Very large, deep mahogany color. Very juicy. July.

WINDSOR. Large, very dark red, firm and rich. July.

Kelly's FINE PEAR TREES

Seckel

ANJOU. Is a vigorous grower, hardy and prolific. The Pears are of large size, green in color, but often yellowing when thoroughly ripe. Very juicy, luscious, and of the best quality. For late fall and very early winter use, we have no better variety. October to January.

★**BARTLETT.** Justly the leading commercial Pear—a leader among canning Pears. Fruit is large, golden yellow in color with a reddish blush on the sunny side. Flesh is tender and juicy, with a delicious musky flavor. Tree is a vigorous, erect grower and bears abundantly. Ripens in September.

★**BEURRE BOSC.** Very popular variety. Very large, gourd-shaped Pear, brownish yellow in color. Hangs to tree well on account of its long stem, which allows it to sway in heavy winds. White flesh, rich and delicious. Tree very productive. Will keep until Christmas.

★**CLAPP'S FAVORITE.** Large, fine, pale lemon-yellow, with brown dots; fine texture, melting, buttery, juicy, with a rich, sweet, delicate, vinous flavor. Tree hardy and very productive. Thrives where other varieties fail.

DUCHESS D'ANGOULEME. A most dependable cropper, often fruiting the first season after planting. Fruit large. A dull greenish yellow, spotted russet, flesh white, rich and good quality. October to November.

GORHAM. (New.) Resembles Bartlett in size, color, and shape. The flavor is sweet and vinous with a very marked and pleasing aroma. Tree vigorous and productive. Fruit ripens two weeks after Bartlett.

KIEFFER. Large to very large. Skin yellow with light vermilion cheek. Flesh very juicy, with a marked musky aroma. Good quality.

★**SECKEL.** A delicious little Pear that is the standard of excellence in its class. One of the richest and highest flavored Pears known. Yellowish brown with red cheek. Very productive. August to October.

SHELDON. Large, round, russet and red Pear. Very rich and delicious. October.

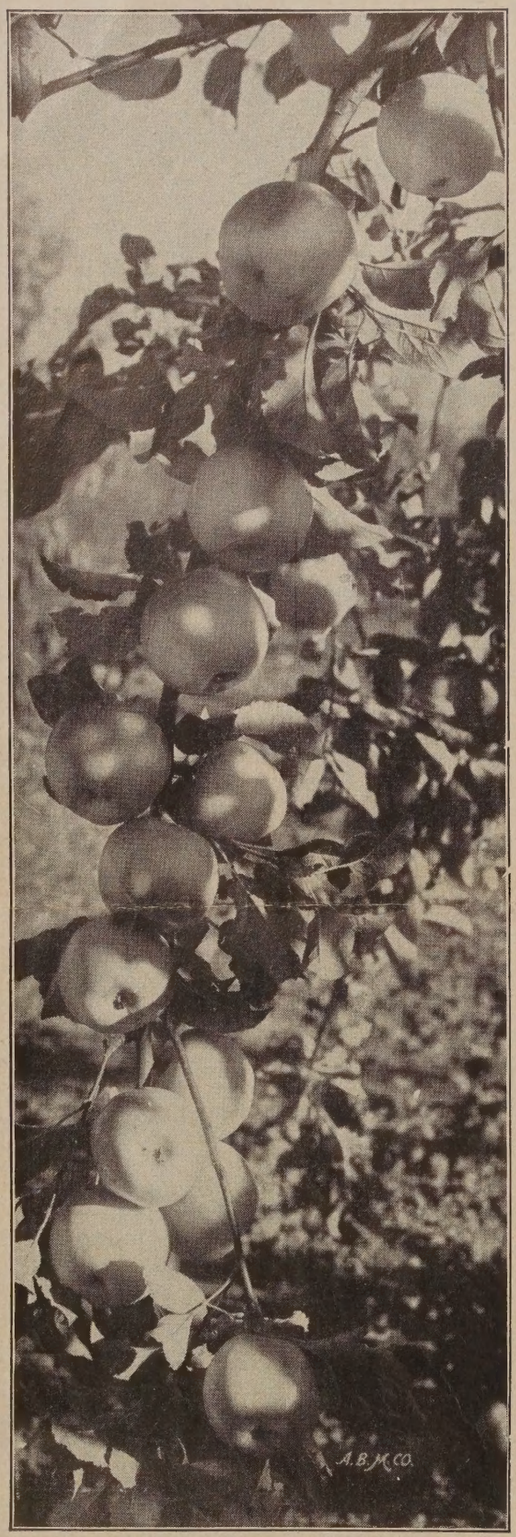
Kelly's Selected APPLE TRE

4 Star Leaders—★CORTLAND ★McINTOSH RE



A Typical Kelly Fruit Tree Showing the Heavy Bearing Qualities of Kelly's R. I. Greening

True-to-Name—Strong Fibrous Roots—Upland Grown—

PRICES OF KELLY'S INSPECTED APPLE TREES:	1-9 Each	10-49 Each	50-300 Each
2-year, 5 to 6 ft., 11/16 in. and up	$0.90	$0.75	$0.50
2-year, 4 to 5 ft., 9/16 to 11/16 in.	.80	.70	.45
2-year, 3 to 4 ft., 7/16 to 9/16 in.	.65	.55	.35
1-year, 4 to 5 ft.	.80	.70	.45

Best Summer Apples

EARLY McINTOSH. For home orchard or commercial use this is the ideal early variety to plant. Resembles its McIntosh parent with its handsome red color and uniform round shape. The tree is a vigorous grower, hardy and productive. It is an annual bearer, and early thinning is recommended. The flesh is white, tender and juicy, with fine flavor. Ideal dessert Apple. Ripens in August.

RED ASTRACHAN. Tree hardy and good bearer. Fruit very handsome, large, round, nearly covered with deep crimson, overspread with thick bloom; juicy and good, though rather acid; one of the best of the summer varieties. August.

YELLOW TRANSPARENT. Tree upright, and a very early and abundant bearer. Fruit of good size; skin clear white turning to a pale yellow; flavor acid and very good. August. Desirable variety for home use.

Best Autumn Apples

MILTON. A very handsome new Apple of the McIntosh type. Fruit a beautiful pinkish red with tender, crisp, white flesh of excellent flavor. Trees hardy and vigorous. Ripens a month ahead of McIntosh.

RED GRAVENSTEIN. A new red sport, much more attractive than its parent. Differs from the old Gravenstein only in the solid dark red color of the fruit. Should be planted in place of Gravenstein.

WEALTHY. Beautiful, brilliant red Apple of fine quality. Exceptionally hardy and an early bearer. Excellent filler. October to January.

BEST WIN

BALDWIN. Large, bright red. Trees vigorous and productive. A leading commercial sort in New York and New England. November to May.

★CORTLAND

A comparatively new Apple of the McIntosh type that combines the high quality and flavor of the McIntosh, the ability to stand handling of the Baldwin and ability to hang to the tree of the Ben Davis. Should be planted extensively. An excellent variety to plant with McIntosh as a cross pollinator. November to February.

DOUBLE RED DELICIOUS. A very fine colored, solid red strain of Delicious resembling its parent in all characteristics except color.

GALLIA BEAUTY. A new red sport identical with Rome Beauty except that fruit is solid red in color instead of striped.

GOLDEN RUSSET. Attractive yellow russetted Apple. Long keeper. November to April.

GRIMES GOLDEN. Large golden yellow. Good quality. December to April.

JONATHAN. Beautiful red Apple of excellent quality. Productive and an early bearer. November to April.

KENDALL. Dark red McIntosh seedling. Productive, good keeper. Ripens with McIntosh.

Fall Planting this year

Life moves so swiftly nowadays that you cannot afford to lose another year of garden satisfaction by delaying your planting till spring. Garden planting time is here for **fall planting.**

Experts agree that **fall is the ideal time for planting.** Why wait until the rush of spring, when conditions are so much more favorable in autumn?

Plants moved in fall are well settled and thoroughly rooted in the spring. They are ready to start new growth long before conditions are favorable for spring planting.

KELLY'S *Heavy Yielding* PEACHES

4 LEADERS FOR FALL PLANTING

Fall planting of Peaches is now recommended where the winters are mild. In sections where Peaches can be planted in the fall, trees make much better growth the first season than when planted in the spring.

GOLDEN JUBILEE. Large yellow freestone of highest quality. Tender, juicy and sweet. Tree unusually hardy.

ELBERTA. Yellow freestone; midseason. Fruit is large to extra large; golden yellow with brilliant shades of red, over a yellow skin, showing a red blush on the sunny side. Elberta is America's best canning Peach, and a favorite with commercial growers.

HALE-HAVEN. In season about ten days ahead of Elberta. Large, yellow freestone, highly blushed, very attractive, round, firm, and of good quality. Tree is vigorous and productive. A promising new variety.

VALIANT. Large, yellow freestone, juicy, very good quality. Productive. Early September.

Prices on Peach Trees:

	1-9 Each	10-49 Each	50-300 Each
1-yr., 4-5 ft., 9/16-11/16 in.	$0.60	$0.50	$0.40

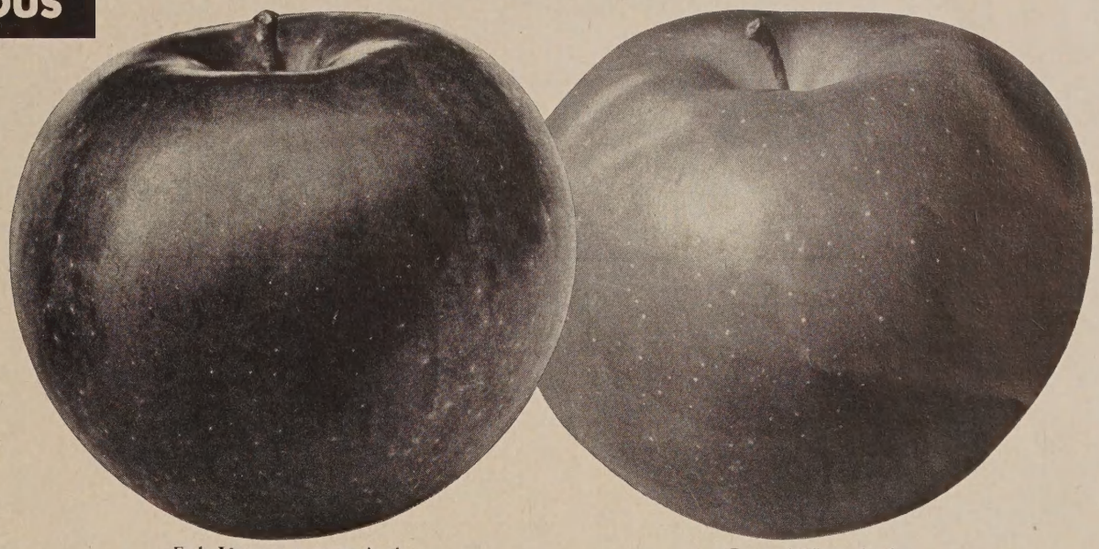
TER APPLES

KING. Large, attractive red Apple. November to March.

MACOUN. Heavy and regular bearer. Dark red, white fleshed. November.



Early McIntosh Summer Apple

Cortland Winter Apple

★McINTOSH RED

A very attractive red Apple of the highest quality. Hardy, bears young and annually. A leading, profitable, commercial sort for New York and New England. Productive. October.

★RED DELICIOUS

A large dark red Apple with crisp, fine grained flesh of excellent quality and flavor. Hardy, vigorous and an annual bearer. December to February.

★RHODE ISLAND GREENING

Large yellowish green Apple of fine quality. An abundant yielder and excellent keeper. One of the leading commercial sorts. November to March.

NORTHERN SPY. A leading commercial variety. Fruit is large and very attractive, being of bright red color with a delicious bloom. Flesh is juicy, crisp and excellent for dessert or culinary uses.

ORLEANS. Delicious type, ripening same time as Delicious. Early annual bearer.

RED SPY. A new red sport identical with Northern Spy except that the fruit is a solid bright red. Much handsomer than its parent. An excellent commercial sort.

ROME BEAUTY. Yellow and red striped Apple of excellent quality. Prolific annual bearer. Profitable commercial sort for New York, Ohio, Pennsylvania and West Virginia. December to May.

RED ROME. Another new red sport of Rome Beauty and like Gallia Beauty is identical with its parent in all characteristics except fruit is a solid red in color.

STAYMAN'S WINESAP. Yellow striped with red. Excellent quality. Productive and an early bearer. December to March.

TOLMAN SWEET. Yellow tinged with red. Very sweet. Hardy and productive. November to April.

TWENTY OUNCE (Collomar). Very large, red and yellow striped. October to January.

YELLOW DELICIOUS. A bright golden yellow Apple of excellent quality. Splendid keeper.

ADDITIONAL VARIETIES

Necessarily, because of lack of space, we cannot list in this Special Circular all the plants and varieties we grow. Therefore, if you would like our General Catalog for 1942, please send a post card and it will be sent promptly.

GARDEN V FOR VICTORY

LOOK HOW LITTLE IT COSTS FOR THIS

Apple Collection

All Scientifically Grown
2-year, 4 to 5 ft. trees.

1 Cortland
1 McIntosh Red
1 Red Delicious
1 R. I. Greening

All For Only $2.65

CRAB APPLES

Prices same as other Apples. See table above.

DOLGO CRAB. A handsome hardy red Crab Apple. Vigorous and productive. Very juicy, jellies easily, and makes a rich, ruby-red jelly of beautiful color and excellent flavor. Makes exceptionally good cider. Early September.

HYSLOP. Popular because of its large size. Beautiful deep crimson color. Tree is hardy and a reliable cropper, fruiting in September.

5-N-1 MULTI-VARIETY APPLE

Scientifically budded to produce 5 kinds of Apple varieties all on one tree during the season.

To meet the request of our customers, we are propagating fruit trees with five varieties budded on the top. We offer this "One-Tree Apple Orchard" as a novelty—and for our customers with limited planting space.

5-N-1 APPLE TREE. Yellow Delicious, Red Delicious, Red Rome Beauty, Yellow Transparent, Stayman's Winesap. Five delicious varieties of Apples on one tree, providing fresh fruit all season.

2-year, 4 to 5 ft., Well Branched Trees.

ONLY $1.50 EACH

PLUM and PRUNE TREES

for Quick Growth and Heavy Yields

No other fruit tree, unless it is the cherry, produces more abundantly than a Plum tree. In general, Plum trees thrive best in a sandy or clayey soil. We can recommend to the planter the following varieties:

Prices of Plum and Prune Trees:

	1-9 Each	10-49 Each	50-300 Each
2-year, 5 to 6 ft., 11/16 in. and up	$0.90	$0.75	$0.60

2-year, 3 to 4 ft., 7/16 to 9/16 in.	.70	.55	.40
1-year, 4 to 5 ft.	.80	.60	.50

Special Parcel Post Size Plum or Prune 3-ft. Specimens. 1 to 9 trees, 65c each 10 or more, 60c each Postpaid

JAPANESE PLUMS

ABUNDANCE. Fruit large, very early; amber turning to a rich, bright cherry. Flesh light yellow, exceedingly juicy and tender. Freestone. Excellent for canning.

BURBANK. Fruit is very large, bright reddish purple. Meaty and quite firm. Excellent shipper. Tree hardy, vigorous, and productive. Needs close pruning.

RED JUNE. Ripens before Abundance. Medium to large; deep vermilion-red; flesh light lemon-yellow; fine quality. Vigorous, hardy; productive.

EUROPEAN PLUMS

BRADSHAW. Very large, fine early Plum, dark violet-red, juicy and good. Very productive; valuable for market. Quality is excellent, color attractive. Good canner.

LOMBARD. Medium to large, roundish, dark red. Flesh yellow, juicy. Hardy; prolific bearer. Valuable commercial sort. August.

MONARCH. Very large, bluish purple. Juicy, golden green flesh. Bears early and abundantly. Excellent for market. September.

REINE CLAUDE (Bavay's Green Gage). Large, pale yellow, marked with red; good bearer. Middle of September.

SHROPSHIRE DAMSON. Medium size dark purple fruit produced in thick clusters. Excellent canner. Tree a good grower and very productive. October.

PRUNE TREES

FELLEMBURG PRUNE. Large, pointed and tapering. Dark purple. Juicy and delicious. Early September. Freestone.

GERMAN PRUNE. Fruit long, oval, purple with thick bloom. Flesh firm, sweet, and delicious. Excellent commercial sort. September. Freestone.

YORK STATE PRUNE. One of the largest and best. Dark blue, with purple bloom. Delicious. Last week in September. Freestone.

STANLEY PRUNE

A Star Performer

The best for commercial planting or home use. Bears fruit in three years and ripens ten days earlier than other varieties, exceptionally productive. Fruit large, deep bluish purple, firm and sweet; of excellent flavor. Plant this fall. **Same price as other Prune trees.**

FROM OUR FIELDS

Direct to Your Home

We can make the low prices in this catalog only because we grow the stock that we sell. Our nursery stock has the reputation of being the BEST that can be grown, and it is our aim to keep it up to the standard in every way. THE BEST IS ALWAYS the CHEAPEST. It is not what you pay, but what you get, that makes the bargain. Every purchase will prove to you the value of buying stock from us.

There's Only One Leader in QUINCES

WAYNE COUNTY ORANGE QUINCE. Its preeminence as a fruit for jellies and preserves makes this Quince a profitable tree for the fruit grower, or the farmer, or any one having a small garden. The Wayne County Orange Quince is a Kelly recommendation, is large, golden yellow, of extra quality and a regular cropper.

Full Dwarf Apple Tree, Early McIntosh

The New Dwarf Apple Trees

Often Bear Standard Size Fruit Next Year If Planted This Fall

A most desirable tree for town or city lot where space is limited. Three or four trees can be planted in the space usually occupied by one standard tree.

BUDDED ON NEW MALLING ROOTSTOCK

Our Dwarf Apple Trees are budded on the New Malling dwarf rootstock introduced recently to this country by Dr. H. B. Tukey of the New York State Experiment Station.

Now you can cover the season by having several varieties growing in your yard because of the small space required. 15 by 15 feet is a recommended spacing.

Semi-Dwarf Malling I Rootstock
10 to 15 feet at maturity

VARIETIES: Baldwin, Cortland, Early McIntosh, Kendall, McIntosh Red.

Full Dwarf Malling IX Rootstock
5 to 8 feet at maturity

VARIETIES: Early McIntosh, Milton.

Semi-Standard Malling XIII Rootstock

VARIETIES: Cortland, Double Red Delicious, McIntosh Red, Red Rome Beauty.

PRICES: Large, 2-year, 3 to 4 ft. ..... Each $2.00; Five $8.75; Ten $15.00

Dwarf Pear Trees

The fruit is very easy to pick as the trees are low-headed, and it is not necessary to wait long for returns as they come into bearing very early, usually the second or third year after planting.

Varieties That Grow Best as Dwarfs

Not all varieties of Pears give good results as Dwarfs. We recommend the following to be good growers and bearers.

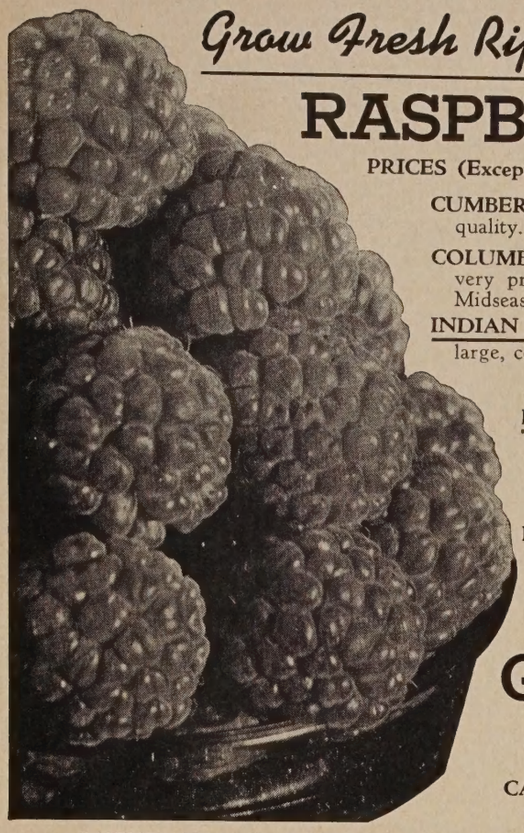
BARTLETT DUCHESS SECKEL CLAPP'S FAVORITE

Prices of Dwarf Pear Trees:

	Each	Ten
2-year, 3 to 4 ft.	$0.90	$7.50
2-year, 2½ to 3½ ft.	.80	6.50

Grow Fresh Ripe Berries in your own back yard

PLANT THIS FALL FOR BERRIES NEXT YEAR



LATHAM—The Leading Red Raspberry

RASPBERRIES

Kelly's 4 Star Favorites — *INDIAN SUMMER *LATHAM *SODUS *TAYLOR

PRICES (Except as Noted): $1.50 per 25; $4.25 per 100; $15.00 per 500; $27.00 per 1000.

CUMBERLAND. (Black.) Large, glossy black, firm, of excellent quality. Hardy and productive. Early to midseason.

COLUMBIAN. (Purple.) A fine commercial sort. Vigorous; very productive, excellent canner. Fruit large, purple, firm. Midseason.

INDIAN SUMMER. New Everbearing Red Raspberry. Berries large, conical, much superior in quality and size to any of this type. **$1.75 per 25; $4.75 per 100; $17.00 per 500; $30.00 per 1000.**

LATHAM. (Red.) Large, round, firm, brilliant red. Most profitable commercial variety. Hardy, very prolific, an excellent shipper and a perfect variety for canning. Early. Ripens evenly over a very long season.

MARCY. (Red.) First introduced in 1936 this variety is fast gaining in prominence. Desirable for market and home use. Good quality, vigorous, productive. **$1.75 per 25; $4.75 per 100; $17.00 per 500; $33.00 per 1000.**

NEWBURGH. (Red.) A new variety of excellent color and quality. Very large and firm. Fine keeper and shipper. Vigorous, hardy, and very productive. Three or four days earlier than Cuthbert.

ST. REGIS. (Everbearing.) A bright crimson berry. Fruit commences to ripen with the earliest and continues to ripen on young canes until October.

SODUS. New Purple Raspberry from New York Experimental Station. Fruit is large, firm, medium purple color, and does not crumble. Plants hardy.

TAYLOR. A new red Raspberry introduced by the New York State Experimental Station. Plants are vigorous, hardy and productive. Long, conical shape, firm, thick flesh. Ripens just before Latham.

BLACKBERRIES

Blackberries thrive best on fertile loam. The rows should be about six feet apart, with each plant approximately two feet apart in the row.

PRICES: $1.50 per 25; $3.75 per 100; $13.00 per 500; $22.50 per 1000.

BLOWERS. An upright mammoth grower. Very hardy and productive. Fruit very long, finest flavor. Fruits continuously July to September.

ELDORADO. The hardiest and sweetest Blackberry. Berries are large, jet black, borne in large clusters, very sweet, and practically coreless.

GRAPES *for Fall Planting*

PRICES, ALL VARIETIES (Except as Noted):
Strong, 2-year, No. 1 vines, 30c each; 3 for 75c; 10 for $2.00; 50 for $7.00; 100 for $17.00.

CACO. (Red.) A new wine-red Grape which is proving to be a great favorite. Berries very large and sweet. Early September. **40c each; $3.00 per 10; $18.00 per 100.**

CONCORD. (Black.) The leading commercial Grape. Color blue-black. Bunches and berries large. Hardy, productive, and an excellent shipper. Succeeds over large area. Excellent for Grape juice. Midseason. **25c each; 3 for 60c; 10 for $1.50; 50 for $4.50; 100 for $8.00.**

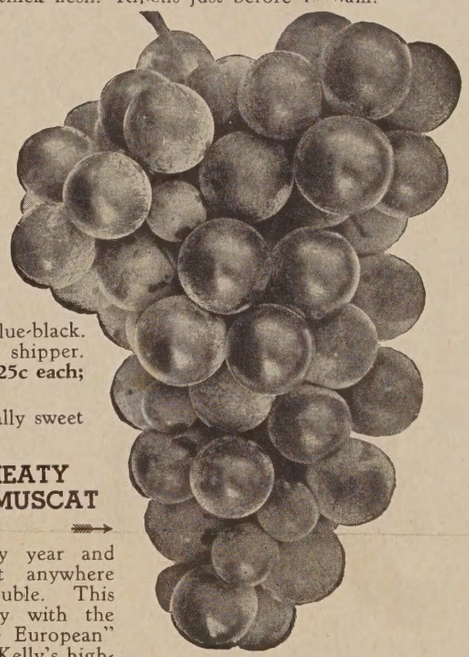
DELAWARE. (Red.) Bunches and berries small. Light red, unusually sweet and delicious. Early.

FREDONIA. (Black.) Recent introduction of New York State Experimental Station. Medium cluster, berries large. Ripens two weeks ahead of Worden. Highly recommended.

NIAGARA. (White.) The most popular white Grape. Bunches and berries extra large. Vigorous, productive, and a good keeper. Midseason.

PORTLAND. (White.) Earliest white Grape. Vigorous, hardy and very productive. Berries large and sweet.

WORDEN. (Black.) A large early black Grape of fine quality. Berries and bunches large.



THE BIG MEATY GOLDEN MUSCAT GRAPE ⟹

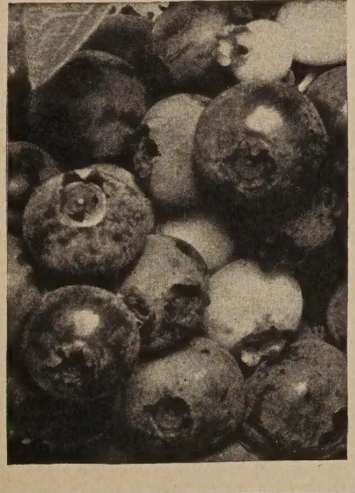
Bears every year and grows almost anywhere with no trouble. This deluxe variety with the "Californian - European" flavor carries Kelly's highest recommendation for home garden. **90c each; $7.50 per 10.**

The New Cultivated Blueberries

An Excellent Shrub Type — Leaves Turn Red in Fall

Blueberries require an acid soil which contains an abundance of peat moss or other partly decayed vegetable matter. If your soil is deficient in this material, a heavy application of peat, rotted sawdust, or other material should be made and worked into the top six inches of soil.

Plant 3 to 4 feet apart in rows 6 to 8 feet apart. Will produce satisfactorily for fifty years or more. For proper pollination, plant two or more varieties. We recommend the following:



PRICES:	Each	3-9 Each	10-29 Each
3-year, 12 to 18 in.	$1.00	$0.85	$0.70
Bearing Size:			
4-year, 18 to 24 in.	1.35	1.15	1.00

Write for prices on larger quantities.

CABOT. (Early.) Bush is rather low and spreading, seldom reaching a height exceeding 4 feet. One of the earliest varieties, a good producer, excellent flavor, and a good shipper. Fruit is large, firm and attractive.

RANCOCAS. (Midseason.) Popular. Ripens about two weeks after Cabot. The bush is tall, vigorous and productive. The fruit is large, light blue, firm, and attractive.

RUBEL. (Late.) Tall, well shaped bush, attractive appearance, excellent producer, good quality, slightly tart berry.

BOYSENBERRY—King of Bramble Fruits

This splendid new variety is a cross between Youngberry, Blackberry and Raspberry, and combines the best flavor of all three. Every garden should have a few plants of this immense berry. Grows like blackberries, and produces a large crop with a rich and tangy flavor all its own. **Strong, 2-yr. plants, $1.20 for 10; $2.20 for 25; $3.50 for 50; $6.50 for 100.**

NEW THORNLESS BOYSENBERRY

Entirely thornless. Not a chance of scratching your hands. These large, sweet, juicy berries are often 2 inches in length, with same wonderful flavor as the regular Boysenberry, ripening 2 weeks earlier. **1-yr. plants, 25c each; 10 for $1.85; 24 for $3.50.**

STRAWBERRIES

We recommend spring planting of Strawberry plants. However, for those who wish to plant this fall, our plants will be ready for shipment about October 15. We grow the following varieties and will submit prices on request: Premier, Dorsett, Fairfax and Catskill. Gem and Mastodon Everbearing.

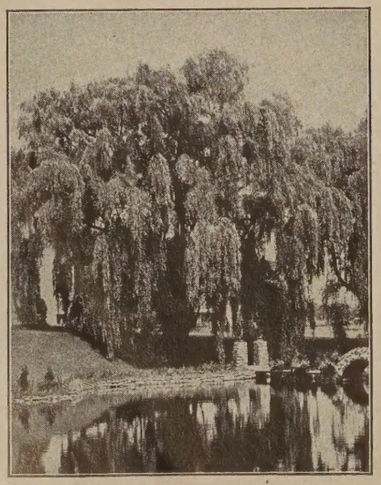
Barberry Hedge



The Graceful Babylon Weeping Willow

PRICES (Except as Noted): Strong, 2-year, blooming size bushes, 45c each; 3 for $1.25; 10 for $3.95.

ALMOND (Prunus glandulosa). A beautiful, erect growing shrub reaching a height of 4 to 5 feet. Very attractive in May with its dainty double pink blossoms, which cover the branches in a cloud of bloom.

ALTHEA, Double. Blooms freely from midsummer until frost. We offer double-flowering varieties in Purple, Red, White and Pink.

BEAUTY BUSH. Beautiful bell-shaped, pale pink flowers during June in great profusion. **18 to 24 in., 55c each; 3 for $1.50.**

BUTTERFLY BUSH. Beautiful lilac colored flowers from June to frost.

DEUTZIA gracilis. Dwarf growing. White flowers in June.

Forsythia

DEUTZIA, Pride of Rochester. Double white flowers tinged with rose in May.

FORSYTHIA (Golden Bell). Branches are literally covered in early spring with golden, bell-shaped flowers. The finest early blooming shrub. 6 feet.

HONEYSUCKLE, Tartarian. In May and June it is covered with charming pink flowers, followed by clusters of red berries. Attains a height of 8 feet.

HYDRANGEA arborescens (Hills of Snow). A very beautiful and showy shrub. Ball-shaped clusters of pure white flowers from July to September.

HYDRANGEA P. G. Immense cone-shaped clusters of pink and white flowers turning to bronze in autumn.

INDIAN CURRANT (Coralberry or Red Snowberry). Rose colored blossoms in June and July, followed by dull red coral colored berries.

FLOWERING QUINCE. Completely covered with dazzling scarlet flowers in May. 18 to 24 inches.

RED-LEAVED BARBERRY. Beautiful, warm, bronzy red foliage from spring until winter. Abundant scarlet berries throughout the winter.

SPIRAEA Anthony Waterer. Dwarf growing. Deep pink blossoms late in June. 18 to 24 inches.

SPIRAEA Thunbergi. A graceful shrub with bright green, fine feathery foliage which turns orange-scarlet in the fall. Blooms in late April with abundant white flowers that almost cover the branches.

SPIRAEA Van Houttei (Bridal Wreath). Most popular flowering shrub. Suitable for hedge or specimen planting. White flowers in clusters during May and June. **2 to 3 ft., 25c each; 10 for $2.00; 100 for $15.00.**

SNOWBERRY. Waxy milk-white berries which remain all winter.

SNOWBALL. Globular clusters of white flowers in late May.

Spiraea Anthony Waterer

A well arranged shrub planting increases home values far above the cost. Planting shrubs is an investment that brings big returns in beauty, profit and pleasure.

Fall Planting

Personally we regard Fall planting preferable to Spring for a number of reasons; trees and plants planted in the fall become established during the winter and gain a very early Spring start, hence make good growth first season.

Ornamental Hedges

Beautify and Protect Your Grounds

BARBERRY THUNBERGI. The best all-purpose hedge. A shrub of marked excellence because of its bright green foliage which changes to brilliant colors in the fall, and its bright scarlet berries which are very conspicuous throughout the winter. Their habit is dwarf and regular spreading. Grows well in the shade and extensively used in landscape work. It is very hardy and has never been known to winter-kill. It bears and shears well and makes a dense hedge. **12 to 18 in., 20c each; $1.50 per 10; $10.00 per 100. 18 to 24 in., 25c each; $2.00 per 10; $15.00 per 100.**

CALIFORNIA PRIVET. The most popular Privet for hedges. It is upright and stiff in habit. Foliage oval and dark green. It is almost an evergreen. Not so hardy as the others in the extreme northern sections. Is most attractive when trimmed to a height of 2 to 5 feet, about the height of a fence. **18 to 24 in., $1.50 per 10; $9.00 per 100. 2 to 3 ft., $1.75 per 10; $12.00 per 100.**

AMOOR RIVER PRIVET. A hardy, vigorous grower, recommended for sections too cold for California Privet. **Strong bushes, 18 to 24 in., $1.50 per 10; $10.00 per 100.**

Hall's Japan Honeysuckle

Climbing Vines

AMPELOPSIS Veitchi (Boston Ivy). Bright green foliage. Clings tightly to smoothest surface. **40c each; 3 for $1.15.**

BITTERSWEET. Glossy foliage, creamy white flowers, large clusters of orange and crimson berries retained all winter. **50c each.**

CLEMATIS Jackmani. Very large, single purple blossoms. **85c each; 3 for $2.25.**

CLEMATIS paniculata. Fragrant, pure white blossoms in September. **45c each; 3 for $1.20.**

DUTCHMAN'S PIPE (Birthwort). Large, heart-shaped leaves and quaint pipe-shaped, green flowers. **75c each; 3 for $2.00.**

HALL'S JAPAN HONEYSUCKLE. White flowers from July until winter. **40c each; 3 for $1.00.**

PURPLE WISTERIA. Pale lilac flowers in abundance in May. Grafted plants sure to bloom. **85c each.**

SILVER LACE VINE. Quick growing, thrifty climbing vine. Covered with white, silvery blossoms from early August until fall. **75c each; 3 for $2.00.**

ORNAMENTAL SHADE and FLOWERING TREES

AMERICAN ELM. (60-100 ft.) Tall, vase-shaped. Fine for street planting. Queen of American trees. **6 to 8 ft., $1.50 each; 10 for $10.00.**

BECHTEL'S FLOWERING CRAB. (8-12 ft.) Lawn tree. Medium grower. Double rose-shaped pink blossoms. **2 to 3 ft., 50c each; 10 for $4.50. 3 to 4 ft., 75c each; 10 for $6.50.**

CAROLINA POPLAR. (50-60 ft.) Hardy, fast growing; large leaves. **6 to 8 ft., 60c each; 10 for $4.50.**

CATALPA BUNGEI (Umbrella Tree). (6 ft.) Large, heart-shaped leaves making symmetrical umbrella-shaped top. **6 to 8 ft., $1.50 each.**

CRAB, RED FLOWERING (Malus floribunda purpurea). (8-12 ft.) Purplish foliage, bark tinged red; large flowers of deep pink. Very hardy. **1-yr., 3 to 4 ft., 75c each; 2-yr., 4 to 5 ft., $1.00 each.**

CUT-LEAF WEEPING BIRCH. (50-60 ft.) Tall, slender, weeping tree. Silvery white bark. **6 to 8 ft., $1.85 each.**

CHINESE ELM. (30-40 ft.) For quick growth. A very rapid grower with small, dense foliage. Resembles Norway Maple in shape. Excellent for tall hedge and windbreak. **6 to 8 ft., $1.25 each; 8 to 10 ft., $1.50 each.**

LOMBARDY POPLAR. (60-70 ft.) Tall, fast growing, spirelike tree. Fine for screens and background. Adapted to wide range of soils. **4-5 ft., 40c each; 10 for $3.50. 6 to 8 ft., 60c each; 10 for $5.50.**

MOUNTAIN ASH (European). (18-25 ft.) Handsome small tree with clusters of red berries that remain on the tree until early winter. **5 to 6 ft., $1.75 each.**

NORWAY MAPLE. (60-70 ft.) Excellent street and shade tree. Strong, fast grower, even in poor soil. Very hardy. **6 to 8 ft., $1.40 each; 8 to 10 ft., $2.00 each; 10 to 12 ft., $2.50 each.**

SCHWEDLER MAPLE. (60-70 ft.) Very attractive, with well rounded head. Reddish purple foliage in early spring changing to deep bronze in fall. **6 to 8 ft., $1.75 each.**

SILVER LEAF MAPLE. (60-70 ft.) Rapid growing, large spreading tree. Foliage silvery underneath. **6 to 8 ft., $1.25; 8 to 10 ft., $1.50, each.**

WEEPING WILLOW (Babylon). (25-30 ft.) The branches are a soothing olive-green, slender, graceful, drooping nearly to the ground in great billows. Leaves long, narrow, silky green. Grows rapidly and succeeds everywhere. **6 to 8 ft., $1.25 each; 10 for $10.00.**
